

## UNCOOL – ARTISTS IN RESIDENCE

[www.uncool.ch](http://www.uncool.ch)

Isabel Crespo, Edi Kwon, Zekkereya El-magharbel, Camila Nebbia, and Lesley Mok convene together to explore the individual and the collective subconscious through improvisation, theatre, movement, film, and poetry. They aim to create a space for raucous and joyful experimentation -- one that is all at once serious, ritualistic, ceremonious, playful, explorative, and surprising.

The group explores the common tones between all their instruments, blending the boundaries between their own sounds to create an amalgamation that can't be traced to any one individual of the ensemble. The group draws upon influences from all corners of the globe, not shying away from any surprising juxtapositions. All members of the ensemble have a strong link with interdisciplinary practices, incorporating theatre, visual art, dance, and film into their rehearsals and in their performances in order to push the limits of the ensembles' expressive capabilities.
